

"NO WIGGLE" CABINET PULLOUT ORGANIZERS

What makes a great "No Wiggle" pullout?

Self-indexing rear bracket

225 lb slide for strength and stability

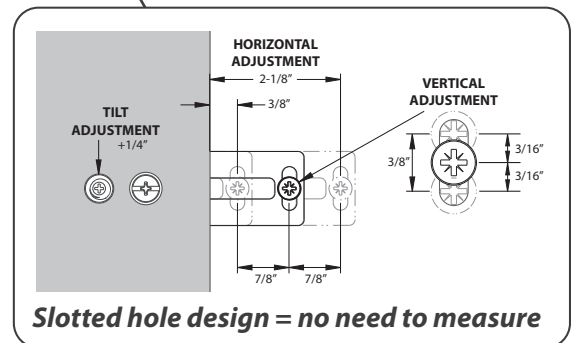

2 adjustable shelves

Concealed soft-close slides included

UV Coated White Birch

Adjustable front mounting bracket eliminates excessive wiggle

Integrated, 6-way adjustable, door mounting brackets

How do we eliminate the common side-to-side movement – what we call wiggle – found in pullouts?

We designed our pullout to be secured to the cabinet with a heavy-duty top slide and an adjustable side-mounting bracket, so it works in either face frame or frameless applications. The rear back bracket adds an additional secure point. The bottom-mount concealed soft-close slides are attached to a mounting brace, which also functions as a built-in jig, meaning no need to measure, just pull it flush with the back of the face frame. Our "No Wiggle" technology is unique to Hardware Resources and protected under US Patents 9,661,924; 9,723,922; 10,251,480 & 10,028,581.

"No Wiggle" Base Pullout

Ships Fully Assembled

TAME BATH CLUTTER:

Vanity base pullouts are great for narrow bathroom cabinets. Made of high quality wood and built on our superior "No Wiggle" platform, these pullouts are designed to keep clutter at bay.

1. The base pullout features fixed top and bottom shelves and one adjustable middle shelf. Middle and bottom shelves feature chrome rails to keep items secure. Optional top insert accessories maximize storage.
2. The acrylic tray insert is perfect for nail polish, makeup or other small items. And it's removable, so it can be set on the countertop for even easier access.
3. Use the Grooming Insert to store hair dryers, curling irons and other hair appliances.
